Hello,

This was in my sent file.

This completes my portion of the IPRA request.

If any additional information is needed, please let me know as soon as possible.

Thank you, Ben

Hi Melissa,

In my opinion, the Naloxone can be issued to trained law enforcement office=rs.

No prescription is needed.

My thought was that the NMDOH needed to distribute. Because DOH has the au=thority.

Thank you, Ben

Subject: question on law enforcement

Hello, Ben!

This is a question for you that has to do with our planned law enforcement initiatives ... I know we discussed at our meeting last week the option that George G. recommended and you preferred, that had the naloxone kits going out from the pharmacy, under prescription from the medical authority, to the officers.

We have run into some concern from our DPS colleagues regarding the idea of prescriptions being directed to officers - if you want to call me to talk I could give more detail ... but basically they are very concerned about what a formal prescription for naloxone will result in, in terms of medical record, for the officers. I have assured them that this is electronic record maintained by the pharmacy, and not shared with insurance companies or health systems, etc. But they are concerned.

We have a pretty high level conference call scheduled to take place tomorrow morning - and I am trying to line up all options to make sure we get to implementation - that is acceptable to our State Police partners and to you and the Board of Pharmacy - with that in mind, I have a question for you, to consider and offer any feedback: What are your thoughts on the possibility of pharmacy shipping the naloxone kits directly to the physician? And then the physician dispensing to the officers? Would the physician be required to issue formal prescriptions in that scenario?

Might you call me on cell to have discussion on this? I'm sure you are busy with a million other things - I am just scrambling to be sure that I can be prepared for call tomorrow. I thought I would also contact Steve Jenkuskys

, with the NM Medical Board, and get his take on the physician dispensing p=art.

I so appreciate any feedback/guidance you may have for me on this!

Best,

Melissa H.

Please forgive me for remaining mute ... I have been out of the office with conference and meetings and have not carved out time to look through all of your good work.

I am on sick leave today - but promise to review and offer comments as soon as I am able next week after the holiday.

So sorry that I have not been able to be more engaged this week!

Best,

Melissa H.

Good Morning,

Thanks Ben, the wording on that is really 6 one way half a dozen the other. I was trying to make it so regulations don't have to be changed in case another product is introduced to the market and to match current language in our statutes and regs. I will certainly do my best to make the hearing in June and in August or October. I hope you have a fantastic long weekend!

Subject: RE: Naloxone

Hello,

I made some of your changes. The revision is attached. If you can get the NMMB to say Opioid Antagonist, I will change it. Remember, this presentation at the June NMBOP meeting is only to request this to be noticed for hearing. But if you are available, you can make any suggestions you want then. The actual hearing will be in August or October. It might not be August because this meeting will be in Ruidoso. And people will have a harder time getting to Ruidoso. When the hearing is held, you will know, and I hope you are there.

Thank you, Ben

Good Afternoon,

Sorry it has taken me some time to get back with you on this, I've been out of the office due to a family emergency and just got the chance to take a look at it. A lot of it looks very similar to what I had down and didn't get the chance to send out due my time out of the office. I did make a few minor changes to the naloxone section, I'm not comfortable enough with school-based regulations to make changes on that, primarily I simplified the definition of a CBO licensed facility, and moved the limitations of ownership into the CBO section itself. I also removed the NM board standing order portion. To the best of my understanding there is not a standing order needed for the administration of naloxone as there is a statute and regulation that already provides for that with 24-23-1 NMSA 1978 and NMAC 7.32.7. I also removed mention of naloxone and replaced it with opioid antagonist, again this would allow for another potential antagonist to be used if one became available and would not force a regulation change. I hope this all makes sense and thank you so much for working on this Ben. If there are any questions please feel free to let me know and I will be more than happy to answer them for you. I hope you have a great day and again I apologize for the delay.

Thank you,

Josh

Please forgive me for remaining mute; I have been out of the office with conference and meetings and have not carved out time to look through all of your good work.

I am on sick leave today; but promise to review and offer comments as soon as I am able next week after the holiday.

So sorry that I have not been able to be more engaged this week!

Best,

Good Morning,

Thanks Ben, the wording on that is really 6 one way half a dozen the other. I was trying to make it so regulations don't have to be changed in case another product is introduced to the market and to match current language in our statutes and regs. I will certainly do my best to make the hearing in June and in August or October. I hope you have a fantastic long weekend!

Hi Mike,

Thank you for thinking of me.

I would be happy to assist.

But, I am unable to get approval this quickly.

Even though this is funded, I am required to receive prior approval.

Therefore, I will not be able to attend.

Thank you, Ben

Ben,

Thanks for a good meeting Thursday.

A quick question – if a NM law was passed moving naloxone to behind the counter would this be allowable if FDA did not change naloxone’s status.

Mike

Hi Mike,

Tuesday or Wednesday look OK next week.

Please let me know available days or times and I will try to make myself available.

If you would like any NMBOP staff to be available, I can arrange for that also.

Thank you, Ben

Hi Mike,

Tuesday or Wednesday look OK next week.

Please let me know available days or times and I will try to make myself available.

If you would like any NMBOP staff to be available, I can arrange for that as well.

Thank you, Ben

Subject: Meeting on naloxone regs

Ben and Sondra,

Can we have a meeting on naloxone regs during the first part of the week? The plan would be to discuss our plans for DOH regs further and see if they work for you all generally.

Here are some proposed times:

Mon July 20 2:30-4

Tues July 21 3-4

Wed July 22 10-12 or 3-4

Please let me know if any of these times don't work for you. I figured we could meet in SF with Ben joining by phone (or in person) if that works.

Thanks,

Mike

Hello, again, Sondra!

Can I ask if you might be available for a Friday morning meeting, 10 am, at your offices? Looks like that might be the best time for other colleagues in the group ...

Sorry to be so pushy ... just trying to get a meeting confirmed around some complicated schedules!

Good morning, All!

Would colleagues be available for a meeting this week for continued discussion on rules revisions around naloxone dispensing and storage?

Could you please review the following days and times and advise on your availability? Could we plan on the meeting taking place at the Medical Board here in Santa Fe? And we can certainly consider setting up a conference call line for colleagues who may be unavailable to attend in person ...

Tuesday, June 23 - 9 am, 1:30 pm, or 3 pm

Thursday, June 25 - 9 am or 3 pm

Friday, June 26 - 9 am or 10 am

Thanks so much and I look forward to hearing back from everyone.

All best,

Melissa H.

Hi Josh,

The meeting will be June 24-26, 2015. Starting in the afternoon. We will try to finish on the 25. Not really necessary for you to come because this will not be the rule hearing.

I will present it both as you have seen. And also as a possible clinic. I can forward the clinic recommendations to you. Basically the same.

Thanks, Ben

Hello,

I made some of your changes. The revision is attached. If you can get the NMMB to say Opioid Antagonist, I will change it. Remember, this presentation at the June NMBOP meeting is only to request this to be noticed for hearing. But if you are available, you can make any suggestions you want then. The actual hearing will be in August or October. It might not be August because this meeting will be in Ruidoso. And people will have a harder time getting to Ruidoso. When the hearing is held, you will know, and I hope you are there.

Thank you, Ben

Subject: RE: Naloxone

Good Afternoon,

Sorry it has taken me some time to get back with you on this, I've been out of the office due to a family emergency and just got the chance to take a look at it. A lot of it looks very similar to what I had down and didn't get the chance to send out due my time out of the office. I did make a few minor changes to the naloxone section, I'm not comfortable enough with school-based regulations to make changes on that, primarily I simplified the definition of a CBO licensed facility, and moved the limitations of ownership into the CBO section itself. I also removed the NM board standing order portion. To the best of my understanding there is not a standing order needed for the administration of naloxone as there is a statute and regulation that already provides for that with 24-23-1 NMSA 1978 and NMAC 7.32.7. I also removed mention of naloxone and replaced it with opioid antagonist, again this would allow for another potential antagonist to be used if one became available and would not force a regulation change. I hope this all makes sense and thank you so much for working on this Ben. If there are any questions please feel free to let me know and I will be more than happy to answer them for you. I hope you have a great day and again I apologize for the delay.

Thank you,

Josh

Hello,

Attached are my proposed regulation changes.

It contains more than adding Naloxone.

Please review the Naloxone sections.

Let me know if you have any suggestions, questions or comments.

Also, more than likely, if this is approved, the NMMB would approve Naloxone - not opioid antagonist.

Hi Josh,

I appreciate the thought you put into this. I agree with the majority of your changes.

The part I disagree with is the NM Medical Board.

This is necessary in order to have this type of facility possess opioid antagonist.

I reviewed the statutes and regulations you provided.

And I agree, you can administer Naloxone.

However, the issue is how to have a CBO Licensed Care Facility have authorization to possess a dangerous drug.

Ideally, we would have a legislative change.

But, as we discussed, we possibly could have the NMMB reduce restrictions.

This is still iffy.

Thanks, Ben

Subject: RE: Naloxone

Good Afternoon,

Sorry it has taken me some time to get back with you on this, I've been out of the office due to a family emergency and just got the chance to take a look at it. A lot of it looks very similar to what I had down and didn't get the chance to send out due my time out of the office. I did make a few minor changes to the naloxone section, I'm not comfortable enough with school-based regulations to make changes on that, primarily I simplified the definition of a CBO licensed facility, and moved the limitations of ownership into the CBO section itself. I also removed the NM board standing order portion. To the best of my understanding there is not a standing order needed for the administration of naloxone as there is a statute and regulation that already provides for that with 24-23-1 NMSA 1978 and NMAC 7.32.7. I also removed mention of naloxone and replaced it with opioid antagonist, again this would allow for another potential antagonist to be used if one became available and would not force a regulation change. I hope this all makes sense and thank you so much for working on this Ben. If there are any questions please feel free to let me know and I will be more than happy to answer them for you. I hope you have a great day and again I apologize for the delay.

Thank you,

Josh

Hello,

Attached are my proposed regulation changes.

It contains more than adding Naloxone.

Please review the Naloxone sections.

Let me know if you have any suggestions, questions or comments.

Thank you, Ben

I reviewed the statutes and regulations you provided.

And I agree, you can administer Naloxone.

However, the issue is how to have a CBO Licensed Care Facility have authorization to possess a dangerous drug.

Ideally, we would have a legislative change.

But, as we discussed, we possibly could have the NMMB reduce restrictions.

This is still iffy.

Hi Josh,

I appreciate the thought you put into this. I agree with the majority of y= our changes.

The part I disagree with is the NM Medical Board.

This is necessary in order to have this type of facility possess opioid ant= agonist.

I reviewed the statutes and regulations you provided.

And I agree, you can administer Naloxone.

However, the issue is how to have a CBO Licensed Care Facility have authori= zation to possess a dangerous drug.

Hello,

It was good to meet you today. I wish to present this at the next NMBOP me=  
eting on June 24-26, 2015.

Regulation number 10: <http://164.64.110.239/nmac/parts/title16/16.019.0010=.htm>

Is where the class D clinic regulation is. Look specifically at: 16.19.10=  
.11. A and B.

We would move this to regulation number 11: <http://164.64.110.239/nmac/parts/title16/16.019.0011.htm>

Creating a Community Based Organization Licensed Custodial Care Facility.

These facilities will have only Naloxone, Epinephrine, and Albuterol.

The fees regulation would also need to be amended: <http://164.64.110.239/nmac/parts/title16/16.019.0012.htm>

Removing the Class D clinic fee and adding the CBO.

Finally, the pharmacist regulation needs to be amended: <http://164.64.110.239/nmac/parts/title16/16.019.0004.htm>

By removing the Class D part from 16.19.4.11.C. and moving to 16.19.4.11.D.

Please review.

See you on Tuesday.

Let me know if you have any questions or comments.

Thank you, Ben

Hi Laura,

This looks good to me.

FYI - Got this yesterday from Dale Tinker:  
I was just sent this information:

Most naloxone overdose reversals involved heroin - Heroin was involved in 8% of reported reversals, while prescription opioids were involved in 14.1%. Overall, heroin accounts for 19% of drug overdose deaths, while prescription opioids account for 37%. This demonstrates that overdose prevention programs are most successful at reaching heroin users, but indicates potential gaps in out-reach to people who overdose on prescription medications, who make up the majority of those who die from opiate drug overdose.

"We need newer and better methods to get naloxone into the hands of people who use prescription opioids," says Dr. Jones.

Department of Health Reports More than 900 Overdoses Reversed in 2014

(Santa Fe) - The New Mexico Department of Health announced today that more than 900 opioid overdose reversals were reported in 2014 due to the use of the drug naloxone. That's almost a 29 percent increase in reversals from 2013. The Department of Health has been working with various partners and agencies to increase access and availability of naloxone in New Mexico as part of

t of a multi-pronged approach to reduce overdose deaths in New Mexico.

"Overdose deaths impact just about every family in New Mexico in one way or another. Addiction is a complex public health issue that requires the collaborative efforts of many agencies, stakeholders, and individuals," said Department of Health Cabinet Secretary Retta Ward, MPH. "The Department of Health is involved in a number of collaborative efforts to train law enforcement and family members on how to administer naloxone."

The Department of Health has worked with the Santa Fe Sheriff's Department and District 7 of the New Mexico State Police to train their officers to carry and administer naloxone if they are the first responders to a possible drug overdose. District 7 includes Taos, Rio Arriba, and parts of Santa Fe and Colfax counties. The Department of Public Safety hopes to expand its training to officers in other districts, and efforts are underway to work with additional police and sheriff's departments to distribute naloxone to their officers.

Here are some other numbers about naloxone efforts in New Mexico in 2014:

- \* The Department of Health trained and enrolled about 1,700 new people in the use of naloxone kits.

- \* The Department of Health distributed 5,874 doses of naloxone in 2014, a 55 percent increase from 2013.

- \* Pharmacists are now allowed to prescribe naloxone.

- \* New Mexico pharmacies are beginning to stock naloxone. About 10 percent of pharmacies have dispensed naloxone kits and 166 kits have been dispensed via Medicaid

Even with the success of more than 900 opioid drug reversals in 2014, New Mexico's drug overdose death rate increased last year. In 2014, 536 New Mexico residents died of an overdose - compared to 449 in 2013. That's a 20 percent increase in the death rate from 2013. In 2013, the death rate was 21.8 per 100,000 compared to 26.4 in 2014. The increase comes after two consecutive years of decreases in overdose deaths rates in New Mexico. The drug overdose death rate fell 16 percent from 2011 to 2013.

Overdose deaths often involve more than one type of drug. Prescription opioids accounted for about 51 percent of the drug overdose deaths in 2014.

The Department of Health and the Board of Pharmacy have been ramping up efforts to more closely monitor prescribing in an effort to reduce the risk of addiction. The Prescription Monitoring Program (PMP) allows prescribers and pharmacists to check the prescription history of their patients. Licensing boards require that health care providers who prescribe drugs such as opioids check the PMP for high risk patients. Training is also provided on safe prescribing and PMP use. The Board of Pharmacy recently made a change requiring pharmacies provide prescribing data to the Prescription Monitoring Program within one day instead of seven days. Any health care provider prescribing an opioid can also prescribe naloxone.

- \* In 2014, there were 927,333 PMP reports requested by users, an increase of more than 325,000 requests since 2013.

- \* In 2014, prescribers checked the records 56 percent of patients receiving an opioid prescription for three or more months in the PMP, an increase

ease of six percent from 2013.

\* In 2014, pharmacists checked the records of 49 percent of patients receiving an opioid prescription for three or month months in the PMP, an increase of five percent from 2013.

"The Department of Health and its partners have been working hard to make policy changes and build infrastructure to help reduce drug overdose deaths. Now we need the help of providers and pharmacists to increase access to naloxone. We also need to ensure prescribers are consistently using the prescription monitoring program," said Secretary Ward.

New Mexico has been recognized as a leader in innovative policies addressing prescription drug overdose by being one of two states that has implemented 10 out 10 promising policies according to the Trust for America's Health.

d individuals, said Department of Health Cabinet Secretary Retta Ward, MPH. The Department of Health is involved in a number of collaborative efforts to train law enforcement and family

members on how to administer naloxone. The Department of Health has worked with the Santa Fe Sheriff's Department and District 7 of the New Mexico State Police to train their officers to carry

and administer naloxone if they are the first responders to a possible drug overdose. District 7 includes Taos, Rio Arriba, and parts of Santa Fe and Colfax counties. The Department of Public Safety hopes to expand its training to officers in other districts,

Here are some other numbers about naloxone efforts in New Mexico in 2014:

• The Department of Health trained and enrolled about 1,700 new people in the use of naloxone kits.

The increase comes after two consecutive years of decreases in overdose deaths rates in New Mexico. The drug overdose death rate fell 16 percent from 2011 to 2013.

Overdose deaths often involve more than one type of drug. Prescription opioids accounted for about 51 percent of the drug overdose

deaths in 2014.

The Department of Health and the Board of Pharmacy have been ramping up efforts to more closely monitor prescribing in an effort

Any health care provider prescribing an opioid can also prescribe naloxone.

In 2014, there were 927,333 PMP reports requested by users, an increase of more than 325,000 requests since 2013.

In 2014, prescribers checked the records 56 percent of patients receiving an opioid prescription for three or more months in the PMP, an increase of six percent from 2013.

The Department of Health and its partners have been working hard to make policy changes and build infrastructure to help reduce drug overdose deaths. Now we need the help of providers and pharmacists to increase access to naloxone. We also need to ensure prescribers are consistently

using the prescription monitoring program,

said Secretary Ward.

Subject: Drug OD press release from DOH

Hi Ben and Karen!

The Department of Health is releasing a press release asap about the 2014 drug overdose death rate. In the release we mention our partnerships with both of you, so I wanted to give you an advance peek at the DRAFT release (they may change it upstairs) so you could prepare for any questions you might get, etc. I know you both know this kind of stuff, but please do not share this release or any of the information in the release until it has gone out so that I don't accidentally bungle our PIO's process.

Thanks and let me know if you have any questions, comments, etc.

Laura
